

Education Qualification:

- M.Tech (Thermal Engineering), Pandit Deendayal Petroleum University, Gandhinagar
- B.E (Mechanical Engineering), Government Engineering College, Godhra

Research Interest:

Thermodynamics, Heat and mass transfer, Refrigeration and air conditioning, Computational fluid dynamics (CFD), HVAC, Renewable energy, Nanotechnology, Thermal engineering, Engineering design

Industry Experience:

I have done one month internship on design and manufacturing of heat exchangers and TEMA standards at TEMA India Ltd., Panoli from July 2017 to August 2017

I have been appointed as M.tech project trainee at Ishan Equipments Pvt. Ltd., Vadodara from August 2017 to May 2018.
