❖ **Qualifications:**

- Bachelor of Science in Fire & Safety
- Sub Fire Officer from National Fire Academy
- Post Graduation Diploma in Industrial Safety Management

❖ **Work Experience:**

- **Trainee (Porbandar Nagar Fire Station and Airport Fire Station)**

Developed practical skills in firefighting techniques and emergency response procedures.

- **Trainee (Adani Enterprises)**

Acquired hands-on experience in fire safety protocols and hazard identification within an industrial setting.

- **Trainee (Inox India Pvt. Ltd.)**

Gained insights into safety management practices and conducted risk assessments in a manufacturing environment.

- **Assistant Safety Officer (TVS Supply Chain Solutions)**

Assisted in implementing safety policies and procedures, ensuring compliance with regulatory standards.

- **Assistant Fire Officer (PI Industries)**

Managed fire safety operations and conducted training sessions for employees on fire prevention and emergency response.

- **Fire Station In charge (Colourtex Pvt. Ltd.)**

Led fire safety initiatives, oversaw maintenance of fire equipment, and conducted regular drills to ensure preparedness.

- **Drill Instructor (GSFC University) - Present**

Conducting training sessions and drills to educate students and staff on fire safety protocols and procedures.

❖ **Project Experience:**

- **HIRA of Adani Corporate House (ACH) at Adani Enterprises**

Conducted a Hazard Identification and Risk Assessment (HIRA) for the construction project, ensuring the implementation of appropriate safety measures.

- **Welding Safety Project at Inox India Pvt. Ltd.**

Developed and implemented safety protocols to ensure safe welding practices, reducing the risk of accidents and injuries.

❖ **Summary:**

I am a seasoned fire safety professional with expertise in responding to over 30+ major and minor fire incidents, including casualty rescue operations and the execution of mock drills. My daily responsibilities encompass meticulous inspections, checklists, and Hazard Identification and Risk Assessment (HIRA) procedures to proactively implement prevention and protection measures. In addition to my hands-on experience, I possess a strong aptitude for organizing and conducting comprehensive training sessions for employees, enhancing their proficiency in fire safety protocols. With a steadfast commitment to ensuring the safety and security of individuals and assets, I bring a wealth of expertise to fire safety initiatives.
