

Ms. Richa Jani,

Teaching Assistant – Life Science

Science Animal Tissue Culture Laboratory,

Ground Floor, Anvisha Building

Phone No. 8849090724

Education

MLT (2021) - Govt. Medical College, Baroda

M.Sc Microbiology (2020) - Sardar Patel University

B.Sc Microbiology (2018) - Gujarat University

Key Skills

Ms. Richa Jani is a faculty in biological sciences of School of Science, GSFC University, Vadodara. She has completed Medical Laboratory Technician course from Govt. Medical collage Baroda post her M.Sc in Microbiology. Her area of expertise includes Microbiological work, Molecular Diagnostic tests and techniques.

Other than these she is well versed with basic laboratory techniques and with other research methodologies like Microbiology Culture and Plating Techniques, Molecular cloning techniques, Spectrophotometric analyses. Her communication skill is above average and she is having good insights for Medical Diagnostic tests and techniques.

Background

Joined GSFC University in Jan 2022

Scholarship and Accomplishments

- Conducting lectures relevant to microbiology and biotechnology at undergraduate and graduate level.
- Engage students in Active learning during lab, provide effective, timely and appropriate feedback to students to support their learning.
- Contribute to the development of appropriate teaching materials to ensure content and methods of delivery
- Meet learning objectives and doing effective mentorship during internship of the students.
- Participate in faculty research work, mentoring dissertation students to achieve their results.
