About us

We are a cluster of students from the Department of Chemical Engineering running the non-profit organization called the American Institute of Chemical Engineers Gujarat State Fertilizers and Chemicals University Student Chapter. AIChE GSFCU Student Chapter provides a platform where you can grow through professional programs, amalgamation with other student chapters across the globe and consortium of professional members. We serve as a liaison between the parent body, the American Institute of Chemical Engineers, and the chapter members to promote the professional development of our chapter by its programs and its relations with other homogeneous incessant student chapters. We contend to aggrandize better awareness of the nature of the chemical engineering profession among current and prospective members. We strive to leverage the professional code of conduct and strengthen the relations amongst each one of us. We endeavour to enhance collaboration with different organizations from different areas and with chapters envisaged with the same ethos across the globe.

Vision & Mission

The AIChE GSFCU Student Chapter supports students to instill professional trades by colluding with the various organizations; by connecting with chemical engineering undergraduates and professionals worldwide; and by organizing varied events and competition throughout the year.

Our student chapter

The student chapter focuses on upliftment of its members in its professional growth. Being a member of the chapter opens the door to a whole new world of chemical engineering. The chapter members are given opportunities to serve the chapter by holding different positions or serve AIChE as a leader globally. Student chapter provides a platform for enhancement of his/her resume, unleash the true potential in inner self, develop a professional code of conduct, grow a chemE network, educational and technical resources, chance to participate in regional and international conferences, eligibility to chapter awards and AIChE sponsored awards, connection to other chapters with the same ethos, global connections and a different level of reach. Students from all the streams are invited here as the chapter is proficient in providing cross-disciplinary space to spread the grassroots of one's interest. Joining the student chapter will unlock the capricious benefits provided by AIChE to the undergraduates.

"Each day brings new challenges; each challenge brings an opportunity, either to learn or to show what you learnt."

Benefits of being in AIChE GSFCU

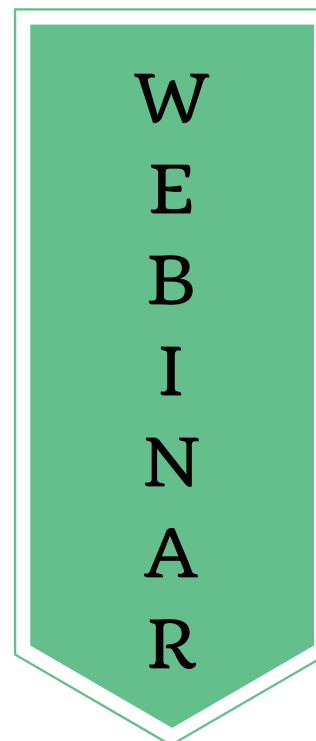

Everybody is running behind marks and good grades to get into the best companies or industries. But the recruiters are running behind the ones who are capable of giving intelligent solutions and those who have knowledge rather than good marks. The technical skills and soft skills are equally important for a student in this era. And this is what AIChE GSFCU can do for you. The major benefits of being a member at AIChE GSFCU are:

- Develop project management and program planning skills
- Get access to online education resources by AIChE
- Join the largest People and Community group of students worldwide and professionals.
- Hold networking and educational events with professionals
- Enhance your leadership skills and build your resume.
- Opportunity to participate in plethora of competitions held regionally or internationally.
- Partner with an international chapter in the Sister Chapters Program
- Host fun social events with fellow chemical engineering students

Events & Webinars :

An interactive webinar enables intimacy and provide better future opportunities by building relations with the chapter of same ethos. Conducting webinars strengthens the bond of both the chapters and induces good networking opportunities and also serves as a platform for exchange of ideas and knowledge. It boosts the relations and connections with the chapters envisaged with same goal. Loads of information regarding culture, chemical engineering curricula, operating procedures and much more are swapped between the board committee members of both chapters. AIChE GSFCU SC is proud to have strong connections with the below listed chapters.
