

Second wave of Covid -19 pandemic
- Reassurance for following Safety Measures

GSFC University
Circular
Circular No.: 4910
Date: 31.03.2021

We have been witness the surge in the number of Covid-19 cases from mid-march and the same the exponentially increasing. This appears to be a second wave of Covid pandemic and likely to continue at least for period of month or two. Without doubt the spread of Covid cases is wide spread and deep. The mutated strain appears spreading fast and diagnostically more lethal as compared to the spread of Covid 19 virus in the first wave of pandemic.

The more and more cases of Covid infection are also reported in GSFC Ltd. and Fertilizernagar Township including GSFC University which raises an alarm for all of us associated with the University and take all possible measures to contain the further spared of Covid 19 cases.

Therefore, this the time for all of us to be extra vigilant while we cannot entirely avoid going out for work but at the same time we have to restrict our movement and expose ourselves to a minimum whenever it is unavoidable.

In the circumstances, to minimize the risk of Covid 19 pandemic, the only panacea left with us is to treat every person as potential threat of possible infection and act accordingly. Wearing a mask is mandatory except when we are alone and nobody is around us. We have to follow the extant Covid -19 guidelines in letter in spirit so as to save ourselves and others.

As a matter of reminder, the following guideline are mentioned which may be strictly adhered to minimize the risk of Covid infection.

- i. Self-discipline is most important to contain the spread of COVID-19 pandemic through social distancing (Physical distancing) of at least 6 feet and maintaining hygienic condition.
- ii. All stakeholder should wear face masks of required quality and take all preventive measures.
- iii. Frequent hand washing with soap (for at least 20-30seconds) even when hands are not visibly dirty. Use of alcohol-based hand sanitizers (for at least 20 seconds) can be done wherever feasible.
- iv. Respiratory etiquettes to be strictly followed. This involves strict practice of covering one's mouth and nose while coughing/sneezing with a tissue/handkerchief/flexed elbow and disposing of used tissues properly.
- v. All stakeholder are advised to install 'Aarogya Setu App' in the mobile.

- vi. It is important for all stakeholder to be physically and mentally fit to handle any exigencies. By remaining fit, they can take care of others also.
- vii. All stakeholder must inculcate activities that will increase immunity-boosting mechanism which may include exercise, yoga, eating fresh fruits and healthy food (avoid fast food), sleep timely.
- viii. Discrimination of fellow students/colleagues in respect of whom there is a history of COVID-19 disease in the family be avoided.
- ix. Give support to your friends/ colleagues under stress due to COVID-19 pandemic.
- x. All stakeholder should follow the guidelines, advisories and instructions issued by the Government authorities as well as by the universities regarding health and safety measures in view of COVID-19 pandemic.

All Teaching/Non-Teaching staff are advised to take note of above and adhere to the guidelines failing to which strict disciplinary actions can be taken by the University Management.
