

GSFC University Faculty has been selected for the INSA Fellowship-2021 to work in the area of advance cancer research.

It is indeed a great pleasure and pride moment for the GSFC University, Vadodara that one of its young, dynamic and enthusiastic faculty Dr. Akhilesh Prajapati at Department of Biotechnology, school of science has been selected for the award of very prestigious Indian National Science Academy (INSA) Visiting Scientist fellowship- 2021. The academy fellowship is to accelerate advanced research for undergoing specialised training in Indian research institutes/laboratories other than one's own institution for advancement of meritorious scientists' research career. Dr. Prajapati will be working at the Central University of Rajasthan in the area of cancer computational biology for a month under this fellowship. The fellowship amount is 30,000 per month to cover all expenses including boarding, lodging and travel.
